EXPERIENCE

Benchmark Construction Company, Inc. — **Brownstown, PA**
Intern | Assistant Project Manager — Summer 2016

- Assisted in managing construction of the Lancaster General Health Energy Center, a $28,000,000 combined heat and power plant designed to produce 84% of the hospital's steam and 71% of its electric energy
- Aided in day-to-day operations such as cost management, taking meeting minutes, coordinating work with subcontractors, and updating contracts to contribute to the overall success of the project
- Collaborated with the team of 10-15 people to effectively manage construction of the CHP plant

Benchmark Construction Company, Inc. — **Brownstown, PA**
General Laborer — Summer 2015

- Assigned to work in a variety of construction markets including healthcare, senior living, industrial, and multifamily residential projects
- Assisted carpenters with the construction of various components of the building
- Oversaw general safety, cleanliness, and maintenance of the job site
- Performed miscellaneous tasks such as demolition, hanging drywall and insulation, marking waterlines, and installing infection control systems

LEADERSHIP & EXTRACURRICULAR INVOLVEMENT

Lambda Chi Alpha Fraternity | ΛΧΑ — **State College, PA**
Vice President — 2016-Present

- Serves as an integral part of the executive board to govern, lead, and handle judiciary actions for the fraternity
- Organizes multiple 150+ person events and handles the negotiation of contracts with local businesses
- Collectively raised over $260,000 for the 2017 Penn State Dance Marathon (THON) through corporate and individual donations

Engineering Leadership Society (ELS) — **State College, PA**
Treasurer — Spring 2015-Spring 2017

- Responsible for the organization's funds, reimbursement, and payment of expenses
- Acted as a leader to younger club members through the mentoring program
- Contributed to projects such as Net Zero Energy, whose main goal was to research and present findings about how to make State College more sustainable
