

Types of Supply Chain Research Projects

The Schreyer Honor college is ranked among the nation's best honor's college with 300 students of all majors. Projects are year long; in-depth research.

Schreyer Thesis

Capstone team projects for MBAs or Sapphire students. MBA projects run from October to February and Sapphire projects run each semester. Proposals are collected year round. Teams consist of all business school majors.

APEX

Schreyer students must complete a minimum number of honor credits. One way is to "honors option" a non-honors course, by adding a research project that is aligned with the class's coursework.

Honors Option

The Learning Factory

A project team from the College of Engineering. Asks sponsors to make a donation of \$3,500, of which up to \$1,000 is made available to the team for supplies and travel necessary to complete the project.

Semester long projects for junior and senior undergraduates to work independently with their advisor to complete a project.

SCM 496

SC High School

Project that is chosen by Dr. Novack, who then works with a select group of high school students to complete.
