The Center for Supply Chain Research® (CSCR®), part of the internationally ranked Penn State Smeal College of Business, connects researchers and professionals from leading organizations within a community that is shaping the future of the supply chain discipline.

Although research is in our name and a core part of what we do, it is just one aspect of a mission that includes knowledge enhancement through educational offerings, access to emerging talent from one of the nation’s leading supply chain institutions, and opportunities to network with other supply chain professionals.

Connect and Join
We invite you to learn more about CSCR®. Reach out today to discuss how your organization can benefit from our Corporate Sponsorship Program.
