

Tenure-Track Positions (All Ranks)
Department of Supply Chain & Information Systems (SC&IS)
Smeal College of Business

The SC&IS Department of the Smeal College of Business invites applicants for tenure-track positions to begin August 2014. The openings are in the Information Systems and Supply Chain areas.

Information Systems

Candidates for the Full or Associate Professor positions must have a strong commitment to pursue high-impact research focused on relevant problems in information systems, particularly in business analytics, ERP and business processes, healthcare IT, and information security; to contribute to the development and successful placement of doctoral students in top research universities; to support program-building efforts via service and scholarship; to teach successfully in both graduate and undergraduate programs; to support industry outreach initiatives; and to promote interdisciplinary research collaboration. Salary, rank, and endowment opportunities are competitive.

Candidates for the Assistant Professor position must have a doctorate (granted or nearly complete) in information systems or a directly related primary field. The primary selection criteria are outstanding research potential, excellent teaching capabilities, and strong recommendations.

Supply Chain Management

We also seek candidates with an established research stream and teaching interests in our five core supply chain management courses: strategic procurement, manufacturing and services strategies, demand fulfillment, supply chain analytics, and strategic supply chain design. Salary, rank, and endowment opportunities are competitive.

Candidates for the Assistant Professor position must have a doctorate (granted or nearly complete) in a directly related primary field. The primary selection criteria are outstanding research potential, excellent teaching capabilities, and strong recommendations.

Conferences: Department representatives will attend the INFORMS meeting in Minneapolis, MN October 6-9; and the International Conference on Information Systems in Milan, Dec. 15-18.

The Smeal College offers a collegial working environment and excellent campus facilities. The Supply Chain & Information Systems Department www.smeal.psu.edu/scis has strong connections with the business community through research centers, which provide both research and teaching linkages to other business disciplines in the Smeal College and to other colleges, including the College of Engineering and the College of Information Sciences and Technology (IST). For more information, please visit www.smeal.psu.edu/research.

Application Procedure for Associate and Full Professor Ranks

Please send an e-mail indicating interest in a senior position and attach a letter of application containing a statement of research and teaching interests and a CV to scis-tenuretrack@smeal.psu.edu. The CV should include personal data, education, publications, scholarly activities, research funding, courses taught, evidence of teaching capability, and professional work experience. Although applications will be considered until the position is filled, preference will be given to applications received by October 1, 2013. For further information, please contact Janie Jones at jsj10@psu.edu.

Application Procedure for Assistant Professor Rank

Please send a letter of application containing a clear statement of specific research and teaching interests, CV, graduate transcripts, and contact information for three references to scis-tenuretrack@smeal.psu.edu. Candidates interested in being considered for a preliminary interview should submit their materials by *September 27* for INFORMS and by *December 1* for ICIS.

Electronic applications are preferred, but applications may also be mailed to: SCIS Search Committee, c/o Janie Jones, Department of Supply Chain and Information Systems, 454A Business Building, University Park, PA 16802-3005.

Employment will require successful completion of background check(s) in accordance with University policies. Penn State is committed to affirmative action, equal opportunity and the diversity of its workforce.
